Let's make memories

EVERY COUPLE HAS A LOVE STORY

LET ME TELL YOURS

You invest a lot of time and energy in organizing your special day. You design the wedding celebration according to your wishes and ideas and thus show a part of yourself. And that's how the photos should be. In order to take candid, natural photos of you, I want to get to know you first. I think it's very important that the chemistry between us is right and that you feel comfortable and trust me. Because that's the only way we can take relaxed pictures. Pictures in which you also recognize yourself.

In a non-binding conversation we get to know each other, talk about your wedding, your wishes and ideas. Only if I know all the details and the process I can make an offer tailored to you. With my pictures I want to show your love and intimacy for each other.

Without restriction. Naturally. Emotionally.

Images that last a lifetime.

Your wedding will be full of extraordinary moments - familiar, surprising and joyful. Creatively captured, these pictures remain timeless and take you back to your most beautiful day when you look at them.

Let me tell YOUR love story.

Remembering Your Day

WHY SHOULD WE MAKE AN ALBUM?
WE HAVE EVERYTHING ON THE PC

I love holding photographs in my hands.

Digital files occupy a large place in our lives these days. You can view the pictures on mobile, desktop and share them with everyone quickly and easily...

But lovingly handcrafted albums that you can look at comfortably on the sofa, alone or with your loved ones are something very special. You sit down comfortably, maybe with a coffee or a glass of Prosecco, leaf through the album and review the day. If the photos are just on the electronic devices, it's just not the same. Everyone flocks around the PC, the pictures are viewed in fast forward - and if you're unlucky, the PC crashes, at some point the data can no longer be read or it gathers dust digital garbage.

ABOUT MY WEDDING ALBUMS

The albums are produced in a high-quality book manufactory. You have the choice between rustic linen, a noble velvet cover or a wooden album. I do the design of the albums 100%. Before the album goes to print, you will receive it as an online book. You then have the opportunity to exchange pictures. As soon as you get your o.k. give it to the printers and just a few weeks later you can hold it in your hands.

I would be happy to advise you in a personal conversation and show you my sample albums.

Services

THE FOLLOWING SERVICES ARE INCLUDED IN ALL REPORTS

Preliminary talk

I invite you to a non-binding conversation in my studio or via video call like Skype/Face-time/WhatsApp. Here we have the opportunity to exchange ideas in detail, to talk about your wedding, your wishes and ideas. And you also have the opportunity to ask me any questions you have for me ;-)

Timeline

So that everyone is in the picture about the process, I will create a timeline for you. You can also give it to your bridesmaid / groomsmen so that their 'job' is made a little easier for them.

Wedding reportage

On your big day I am as good as invisible to you. I want to tell your day as naturally as possible, capturing situations that reflect your emotions.

An authentic wedding reportage that you will enjoy for a long time. Of course, the bridal couple shooting and group photos (if desired) should not be missing.

Editing

Shortly after your wedding day, another large and important part of my work begins. The resulting images are viewed, sorted and given their look.

Depending on the wedding and the length of the reportage booked, there are 400 - 800 pictures.

Image delivery

You will receive your high-resolution photos on a password-protected web gallery with a download function, which you are welcome to pass on to your guests, as well as high-resolution photos on a USB stick.

You will receive the Wedding Guide* (PDF) from me immediately after signing the contract. In it I share my experiences with you and give you valuable tips for a successful wedding. The Wedding Guide also includes a list of many great service providers to make it a little easier for you in the wedding jungle ;-)

Frequently asked questions

WHERE DO YOU LIVE AND WOULD YOU TRAVEL ABROAD?

I live in Au ZH near Wädenswil in Switzerland. I am originally from South Germany from the 'Allgäu'.

Traveling is my great passion. I have traveled (almost) the whole world. I have also been able to accompany weddings in Sydney (Australia), Warsaw (Poland), Maui (Hawaii) and Germany. So no matter where it takes you, no way is too far for me.

ARE OUR PICTURES EDITED BY YOU?

Yes, all the pictures you get from me are optimized and edited. Viewing and editing the images takes up a large part of the work. I just want to give you the best.

HOW LONG DOES IT TAKE TO GET OUR PICTURES ?

A few days after the wedding you will get a small selection of pictures from me, so that you can get a first impression of your pictures. You will usually receive the remaining pictures after 6 weeks. However, in the 'high season' it can take up to 8 weeks. It also depends a bit on the scope of the reportage booked.

CAN WE GET THE PICTURES IN HIGH RESOLUTION?

Yes of course! Once the images are ready I upload them to a password protected web gallery. You get them without a watermark, logo etc., in the highest resolution. Here you can download your pictures. Depending on the reportage you have booked, you will also receive the pictures on a USB stick in an exclusive storage.

HOW MANY PICTURES WILL WE GET ?

You can expect around 40-50 images per hour of photography. The total number of photos depends on various factors such as the length of coverage, number of guests, and location. In some cases, there may even be a few more.

Couple Shooting

JUST ENJOY

To make the wedding less stressful, I always recommend doing a couple shoot, also known as an engagement shoot, before the wedding.

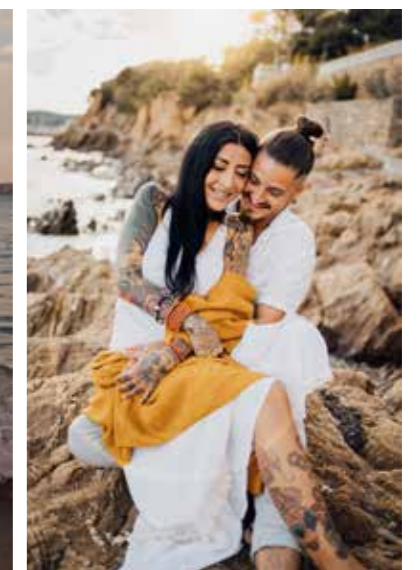

You get to know me and my way of working and you are much more relaxed at the wedding because you already know what to expect.

You can use the pictures for your invitations - or just for yourself.

The photo session can be as simple as a stroll through the park or an intimate meal at your favorite restaurant. We can also go to the place of your proposal - wherever you want.

Casual or formal - the choice is yours.

You can get more information on request.

Getting ready

I think getting ready, means getting dressed, hair, make-up, etc., is an exciting time at your wedding.

The day has come, nervousness is slowly coming, maybe you wrote each other a little letter, your best friend is with you, you are drinking a glass of Prosecco together to calm your nerves...

I would like to capture this beautiful, very special moment for you. The tension and anticipation of THE moment. During the 'Getting Ready' I also photograph the wedding dress, rings, bouquet, tie, bow tie, shoes, jewellery, your stationery... just all the details that are important to you and belong to your wedding.

Afterwedding

TIME - PERFECT LOCATION AND A LOT OF FUN

I love after wedding sessions! We can choose the perfect location for you. Whether in the mountains, by the lake or another favorite place. Have you always wanted a photo shoot at your favorite vacation spot? Count me in. Or in the back streets of Marrakech - nothing better than that!

Rolling around in the snow with view to the Matterhorn? Very gladly;-)

The possibilities are limitless - and the nice thing about it is that we can choose the location, the perfect time and of course the weather without stress or time pressure. I would be happy to make 2 appointments with you so that we can find an alternative date if the weather does not meet your expectations.

I am looking forward to it;-)

Customer Opinions

We are very happy that we were able to have Sandra with us at our wedding. She took beautiful photos. We also ordered a beautiful wedding album from her, which we are already looking forward to. Sandra is super likeable, spontaneous and reliable and we definitely recommend her to every wedding couple.

S&W

Hello

It's important to find someone whose work you enjoy and relate to - but I also think it's important to find someone who brings out the best in you in the photos. Ultimately, you want your wedding day to be a once-in-a-lifetime, wonderful event, and you probably want someone you enjoy spending time with.

I am an adventurer, dreamer, artist and connoisseur. I love to travel, have traveled (almost) the whole world, lived in France and Australia for a while. I am a very sociable person, I like to invite friends over for a nice dinner and good wine. I love riding my motor bike, go diving and spend time in the mountains. I spend as much time as possible with my family, but I also enjoy reading a good book in the hammock.

I find photographing people really exciting. Capturing the emotions in a way that makes you feel like you were there - that's something I want to achieve with my pictures.

I would be very happy if you give me a chance so that we can get to know each other personally. Because the chemistry should be right between us so that we can capture your story on paper (or rather digitally).

You are both about to embark on one of the most exciting, challenging, rewarding, and life-changing adventures - and choosing someone to capture it all for you is a big decision.

Why should you book me?

Let's be honest, there are so many good and talented photographers out there. I know some of them very well. I'm not going to tell you that I'm better than them - the truth is, art is very personal. What is beautiful for one person does not have to be right for another. We all have our own style and creative vision and ideas.

But what I want is this: I want to get to know you - as friends and not just as customers. I can help you with the planning, as I have been able to accompany many weddings and I am at your side with advice and action.

I want to accompany you as a friend and celebrate your wedding with you and show you how it really was and who you are.

Natural and candid.

With all the emotions, the small or big mishaps, the tears of joy and the overwhelming moments. Held forever. For you, your children - simply for eternity.

Your wedding is YOUR story. She is beautiful, messy, romantic, wild, funny, tear-jerking, breathtaking - just one of a kind!

And I look forward to capturing every moment of it for you.
